## EX-GOVERNOR PINCHBACK HONORED.

THE DISTINGUISHED POLITICIAN GIVEN A RECEPTION.

(Special to The Bee.)

VICKSBURG, MISS., January 3, 1896.

Hon. P. B. S. Pinchback, of Louisiana, arrived from New Orleans, by the 5:03 train yesterday evening.

The distinguished visitor had been expected by leading colored citizens several days, as it was known he had been invited and urged by ex-Alderman Wesley Craytor to be present at the opening special of the Douglass Club.

The Colored G. A. R. Posts of the city, headed by their field band, marched to the Y. and M. V. depot.

The streets were thronged with people, white and colored, and the air filled with music.

In and in front of the residence there stood in anxious waiting an immense audience of people.

Hon. D. B. Temple, of the Vicksburg Bar made the welcome address.

He paid a handsome compliment to the ex-Governor and spoke of his excellent qualities.

At the conclusion of his address, the ex-Governor Pinchback, spoke as follows:

I am overwhelmed by the magnitude and warth of the reception you have tendered to me to-night. For years my friend Crayton has been endeavoring to get me to pay him a visit, and I have been promising to do so, and when he telegraphed me yesterday morning to come up on the day train, so as to arrive here early in the evening, I did it, but never dreamed that he had in store for me such a splendid reception as you have given me this evening. It is difficult for me to find words strong enough to express my grateful appreciation of and thanks for the great honor you have conferred upon me. After fifteen years of absence I re-visit your historic city to renew old friendships and extend my acquaintance among your good people. It is also my desire to see what changes time have wrought and what progress you have made.

The indiscretion incident to the holiday season and my trip on the cars today unfit me for any extended remarks, but I assure you that I am very proud of your generous reception, and extend to one and all my most sincere thanks.

## AMONG THE POLITICIANS.

POLITICAL GOSSIP.—NEWS AND COMMENTS.

It is an impossibility for the old man to win remarked one of the boys the other day.

Mr. L. M. Saunders is gaining the good will of the republicans, and is making great headway in the enemies camp.

Lawyer T. L. Jones is making some very effective speeches that are helping Mr. Saunders.

Col. Andrew Gleason has not said much. His friends are anxious to know where he stands, or what he intends to do.

Col, M. M. Parker is anxious to go, but what efforts he is making no one knows, but those who go from meeting to meeting and make an effort to get an indorsement through for him.

Col. Parker is a genial man and will no doubt attend to the boys if he wins.

Mr. Robert H. Key is popular among the young men and will pull the forces of the opposition to him.

The capture of one of Carson's meetings by him had more effect to weaken the Colonel than all the meetings that have been held.

There are some men who think they know it all will find out that their mode of campaign is a foolish one.

It is said that everything is fair in politics. That may be true to an extent, but in politics as in everything else, there should be some honesty.

Men should not take peoples' money and pledge them their support and support some one else.

It is better to be honest in all things as it will pay in the end.

People should live right and gain the confidence of those who are inclined to aid them.

There are some men who do not want a convention because they have pledged themselves to so many.

Some people only think of the present and not the future.

Look out for the souvenir edition of The Bee.

## NATIONAL EMANCIPATION DAY.

TENNESSEE HAS A JUBELEE DAY.

PROF. LANGSTON GETS IN HIS WORK FOR SPEAKER REED.—JUDGE GIBBS ANGRY.

(Special to The Bee)

MEMPHIS, TENN., January 1, 1896.

The city has been turned over to the colored population to-day.

The occasion is the anniversary celebration of the emancipation of slaves.

The exercises were held in the Avery Metropolitan A. M. E. Church.

The exercises commenced at 1 o'clock.

Rev. W. F. Simons invoked divine blessing, after which Miss Dodds read the Emancipation Proclamation.

The opening address was made by T. F. Cassells, of Memphis, and at its conclusion he introduced Hon. John M. Langston, of Virginia, who delivered a fine address.

He concluded by offering the following:

Whereas, ihe Hon. Thomas B. Reed has been called once more to the Speakership of the House of Representatives; and

Whereas, from such position he is not only to make display of the sterling qualities of character which distinguished his robust manhood, but to serve more fully from such position the republican party of the United States of which he is to-day the most prominent leader, and thus render his country and government the most signal and lasting service; therefore be. it

Resolved, That his return to such position of dignity and service is of chief importance to the general interests of the country, in all its business and material concerns, of special significence and influence upon the cause and advancement of the colored American, whose friend he has shown himself to be in most important and far-reaching manner, and we hereby pledge him our sympathy and support in the arduous tasks which awaits him in his trying position as the chief representative of our party, tendering him our congratulations upon the high honor thus conferred by his party, the country upon its possession of so worthy, able and efficient son, patriotic, and devoted to every interest, which appertains to the whole people of the Republic.

There was no second, but the speaker said "as many of you as favor this say 'aye.'" There was a fairly good response, hut as there was no opportunity given for the "no's" none were heard. Had the negative side been called, so some of the leading colored men said, it would have downed the affirmative. All this was done; they declared, to show the speaker's gratitude to Reed for the part he took in the Langston Congressional contest.

Judge Gibbs took occasion to express his disapproval of the action on the part of Langston in polite but emphatic terms,

After the address by Mr. Langston, Mr. Montgomery introduced a resolution which was adopted making January 1st a national Emancipation day.

## SOUTHERN BLOOD.

RICHMOND, VA., January 6, 1896.

Col. A. W. Garber, President of the Richmond Transfer Company and Baggage Express, is one of the busiest men in the city of Richmond.

Butler & Bosher believe in aiding the colored people. They were brought up with them. They sell Sweet Brier Chewing Tobacco.

Two of the youngest and most accomodating young men in the wholesale business are the sons of Mr. E. A. Sunders.

They are young men and full of business.

## DEATH OF ROBT. G. STILL.

Mr. Robert G. Still, editor of The Sunday Journal published in Philadelphia, Pa., died of pneumonia at his residence in that city Wednesday January 8th.

Mr. Still, it will be remembered, was the colored democrat, in connection with the democratic league, that taxed negro republican office holders and fled to Philadelphia to keep from testifying in the Chase-Taylor libel suit.

Mr. Still was a shrewd politician and a man of courage.

Miss Alice Jackson, one of last years graduates, has been very deservedly assigned to the seventh grade in the Jno. F. Cook building.

## RICHMOND, VA.,

January 6, 1896.

(Special to The Bee.)

THE EDITOR AND MANAGER CALLED ON GOVERNOR O'FERRAL.—THE DISTINGUISHED VIRGINIAN TALKED FREELY AND IS DETERMINED TO SURPRESS LYNCH LAW.—EDITOR MITCHEL THE IDOL OF THE COLORED PEOPLE.—THE NEW CHAIRMAN OF REPUBLICAN STATE COMMITTEE INDORSED, PERSONAL AND OTHERWISE.

The Editor of The Bee, W. Calvin Chase, and General Manager A. E. Cameron took the Chesapeake and Ohio train from Washington to Richmond, Va., on Monday afternoon and arrived in the city of Hills on the 7:45 train and drove direct to the commodious residence of Mr. and Mrs. Booker Leftwich, two of the most popular citizens in the State of Virginia. As our stay was brief we retired early as we had a special business with Governor O'Ferrell, who received us very cordially.

The Governor is a noble specimen of manhood, and the noblest and no doubt the most determined governor in the South, who means to eradicate lynch law in the State of Virginia of which he is governor.

No man has the interest of the people of Virginia more at heart, than Governor O'Ferrell.

A majority of the best people of the State are with him, and before the expiration of his term of office it can postively be asserted that "lynch law" in the State of Virginia will be a law for posterity to consider.

Full account of this distinguished Virginian will appear in the souvenir number of The Bee.

EDITOR JOHN MITCHEL

is the most popular and best loved negro in the State to-day among his people. His name is a household word. On the street corner, in the houses, the name of John Mitchel, Jr., is honored and respected.

The great fight that he has made to secure a new trial for the Lulenburg prisoners has endeared him stronger in the hearts of his people.

Mrs. Booker Leftwich informed us that she and the ladies of the State intend to raise a purse of five hundred dollars for Editor Mitchel, who has already saved the life of one of the victims, even should he fail to save the lives of the two unfortunate women.

One of the women presented the world a new offspring, had Mitchel not taken the matter in hand as soon as he

What a blot this would have been on did the poor mother would have been killed before the birth of the child.

the State of Virginia. All honor to Gov. O'Ferrell who guarded these unfortunate women, by ordering out the State militia, to save them from Judge Lynch.

HON. WM. LAMB,

the new Chairman of the State Committee is highly thought of by the leading colored politicians.

Dr. Murray one of the leading colored physician's in the State is authority for the statement. He asserts that Editor Mitchel and the leading men in the State will give Mr Lamb their undivided support.

We spent a pleasant time at the residence of that very accomplished pianist, Mrs. Prof. Jones at 520 St. James street.

Madame Cross who is known and regarded the nightingale of the State rendered some very fine vocal selections accompanied by Madame Jones.

Miss Alice C. Freeman of Petersburg, Va., a very amiable young lady was spending 10 days vacation as the guest of Mr. and Mrs. Leftwich.

Dr. Geo. A. Thompson formerly of Washington is the most popular pharmacist in the city. He has the business of all the colored physicians and a large number of whites.

Dr. Thompson is an old Washington boy who has built up a large drug business here and is respected by all who knows him.

## LOCALS.

Mr. J. W. Smallwood left the city last Monday for his home in Atlantic City, N. J.

Miss Geneva Belt is in Portland, Maine.

Mr. John Allen of Pittsburg, Pa., was in the city last week.

Miss Sarah Lewis still continues on the sick list. Miss Alice Jackson has been appointed temporarily in her place at the O street school.

## THE COMING MAN.

Ex-President Benjamin Harrison will discuss "The Presidential Office" very comprehensively in his "This Country of Ours" series, in the forthcoming February Ladies Home Journal. He will detail the provisions and methods of electing a Chief Magistrate, and will have much to say bearing upon the eligibility of a President for re-election; will give his views as to the length of the Presidential term, and express rather decided opinions relative to the annoyance to which Presidents are subjected from office-seekers. The article is practical, based upon experience and observation, and is very timely, General Harrison believes that the fears (expressed by the framers of our Constitution) that the power of the office is such as to enable an ambitious incumbent to secure an indefinate succession of terms have been realized. "In practice the popular opinion has limited the eligibility of the President in one re-election. But some of our leading and most thoughtful public men have challenged the wisdom of the four-year term, and have advocated six years, usually accompanied with a prohibition of a second term. And unless some method can be devise by which a less considerable part of the four-year term must be given to hearing applicants for office and to making appointments, it would be wise to give the President by extending the time, a better chance to show what he can do for the country. It must be admitted, also, that ineligibility to a second term will give to the Executive action greater independence. It seems unlikely, however, that any change in the Presidential term will be made unless some unexpected event should stir into action a thought that is now of a theoretical rather than a practical cast."

On January the 7th at 9:30 a. m., at at his residence 1631 L street, n. w. Mr. Colbert S. Syphax, sr., departed this life. The funeral took place from the Berean Church, Thursday afternoon. Mr. Syphax leaves a wife, three sons, several daughters and a host of friends to mourn their loss.

## THE FIRST CLOCK.

The first clock which keeps anything like accurate time was construed by a certain Henry Vick in 1370. It was made to the order of Charles V, of France, who was called "wise." When Vick brought him the clock he looked closely at its movements for some time, "yes it works," he said at length, but you have got the figues on the dial wrong. The King ordered the mistake corrected and Vick did as commanded, and so to this day we have IIII instead of IV which we should really have.

It is not generally known that watches can be used as compasses, yet such is the case. Point the hour hand to the sun, and the South is exactly half-way between the hour and the figure XII on the watch. For instance, if it is four o'clock point the hour hand indicating IV to the sun, and the figure II on the watch is exactly South.

## JANUARY 28.

### WILL BE DECIDED BY POPULAR VOTE.

The two candidates met in the office of one of the candidates for convention honors Wednesday afternoon against the protest of Col. Gleason and decided how they would like to be elected and how they hope to carry the several Districts. Carson wanted the board to adopt a rule to have a majority of the judges to appoint the judges; the other delegate candidate thought that would be too much for the republicans to swallow so he decided to modify the broken English of the would-be candidate and have the judges appointed by the entire board which meant the same thing, but in a more polite English with the elements of fairness hidden.

Cols. Gleason and Parker voted for the modification which the flim flam leader tried to defeat.

The two candidates have decided to hold the primary elections January 28th at which time Parker and Carson will meet their political waterloo.

Shoes were blacked as early as the tenth century. The substance used seems to have been lampblack mixed with rancid oil; for in an old romance a man is ejected from a company of polite persons because he had just blacked his shoes and they could not stand the smell.

## FOUR KILLED IN A MINE SHAFT.

A Half-Ton Weight Fell Upon Their Descending Bucket.

Shamokin, Pa., Jan. 7.—While four workmen were being lowered into a shaft of the Luke Fidler mine yesterday the elevator balance, which weighs about one thousand pounds, fell, killing them instantly.

When the bucket had descended about eight hundred feet, Engineer Bowen noticed a jarring of the rope and stopped the machinery. It was found that the bucket had broken away from the wire rope and another bucket had to be rigged to lower the rescuers. At the bottom of the shaft the bucket and he mangled and bleeding remains of their four ill-fated comrades were found scattered over the floor. An investigation showed that the elevator balance had been caught and held fast by ice until the bucket was many feet below it. Then it had broken away and fallen upon the men.

Both were consumed, the inmates escaping with nothing but the clothing they had on.

## They Say

The fight has begun.

The McKinley forces are doing a good work.

The boys are keeping noise enough to elect 50 delegates.

Don't be alarmed as the day of bossism is dead.

Let us live in hope and the day of prosperity will come.

In Union there is strength, and in disruption there is broken heads and broken bones.

T. L. Jones is making speeches for Saunders.

What will the boys do when the harvest is over?

The dangers which confront us are meeting with disaster.

What will the harvest be when the birds begin to sing?

The editor of The Post is a fine looking man.

He is the Adonis of the press.

It is the great man who wins laurels.

McKinley w ll be in the race t win.

He knows a thing or two no matter what you say.

The man who is brave enough to speak his sentiments is an honest man.

The fight among the boys is getting to be lively.

It is wholesome food that keeps the body in order.

It is a bright and clean mind that leads us in the right direction.

Why not tell the truth always?

Some people are of the opinion that it is knaves who succeed.

Dishonesty will win for a time, but, the rascal is at last found out.

The truth never dies, nor can you do a wrong act and succeed.

It is always better to treat your neighbor as you would like to be treated.

The brave man will never die a coward.

Why not be as nature made you?

You cannot always keep a false face on.

You must remove the mask sometime.

If you do not remove it it will eventually drop off.

Then what a sight we behold!

We should always be as nature made us, until we pass beyond.

The city of the dead awaits us all.

There may be a discrimination on earth, but, God has decreed that we shall all die.

Our good deeds live after us.

The rascal dies an untimely death.

You can be false to some people, but, you cannot be untrue to all people.

Our deeds will find us out.

Never betray those who have befriended you.

The person who aids you in the hour of need is the person you must respect.

Don't be lead astray by your enemies.

Your friends will often kick you as you go down the hill.

An honest friend is hard to find.

When you get an honest friend don't desert him.

It is better to be honest than it is to be dishonest.

It is natural for some to be untrue and false to every principle.

We all like to be treated well.

Should we not treat our neighbors as we want to be treated?

L. M. Saunders is making a fight.

The delegate fever is prevalent in this city.

It has made some of them very sick.

Don't you be uneasy, the flim flam leader has passed in his political checks.

The cruiser Kwan-Ping, which the Japanese captured from the Chinese during the recent war, was wrecked December 21 off the Pescadore Islands. Most of the officers who were in charge of the deck at the time of the accident and sixty men are missing.

John F. Sullivan, a lawyer and justice of the peace of Saratoga, N. Y., committed suicide by shooting himself. Drunkenness and dissipation made him despondent. He was twenty-nine years old, and leaves a widow and two little sons.

Dr. Marmoreck, an Austrian, after four years' study at the Pasteur Institute in Paris, says he has discovered a serum cure for erysipelas, puerperal fever and all diseases due to the streptococcus microbe, and which is also efficacious as an aid to Dr. Roux's treatment for diphtheria.

Two girls, Miss Ella Scott and Miss Lena Thomas, fought a duel with knifes and revolvers at Punta Gorda, Fla., over a prominent business man named Cassidy, who had been attentive to both of them. Miss Scott was shot dead, and Miss Thomas is now a raving maniac.

The complimentary vote for United States Senator will no doubt be given by the Democratic minority to Senator Brice, but it will probably not be a unanimous vote. Senator William Harper, of Mt. Vernon, stands out against the Senator and will probably vote for Frank Hurd, of Toledo.

## HAVANA IS NERVOUS.

CUBANS ATTACK AND BURN THE TOWNS OF GABRIEL AND GUIRA.

**Telegraph Wires Cut and Tracks Torn Up West Of Salud, Fourteen Miles From Havana. Guira Is Reported to Have Been Wiped Out.**

Havana, Cuba, Jan. 6.—The insurgents have attacked and burned the towns of Gabriel, Guira and Artemisia, stations on the Western Railway, which runs from Havana to Pinar del Rio. Gabriel and Guira are in Havana Province. Artemisia is in Pinar del Rio Province. The telegraph operator at the central station of the Western Railway learned at 2 P. M. Saturday that communication by wire beyond the town of Salud had been cut. Salud is a point on the line fourteen miles southwest of Havana. Word was received from Salud at 8 P. M. that there was no means of reaching Gabriel, a town of 2,500 inhabitants, five miles west of Salud. Not only were all wires down, but the railway track had been torn up. The railway superintendent despatched a construction train from Havana, but it got no further than Salud. It returned, bringing intelligence that, save one house, the entire town of Gabriel had been burned, including all the railway property. The Western Railway is owned by an English corporation with headquarters in London. The town of Guira, five miles beyond Gabriel, a place of 4,500 population, was totally burned last night.

The press censorship is absolute.

The Diaria de la Marina contains no news to-day. It has an editorial counselling serenity, even if Gomez and Maceo are near. It says the worst thing that could happen would be for the insurgents to return to Santa Clara Province, because the natural conditions of the country make it easy to pursue them hereabouts and compel a decisive battle.

A Madrid despatch states that Premier Canovas said Saturday that his Government only thought of sending men and supplies to Cuba.

Gen. Campos is still in Havana.

WILLIAM SHAW BOWEN.

Tampa Bay, Jan. 6.—Americans passengers from Cuba last night report that there was great excitement in Havana yesterday.

The insurgents burned Friday night the towns of Duran, San Felipe, Melena del Sur and Guara, in Havana province and twenty miles from Havana. The insurgents were seventeen miles from Havana, and Gomez was said to have 24,000 men.

In commenting on the situation the latest Spanish papers received say the insurgents are "practically rapping upon the front doors of Havana residences with the hilts of their machetes." Campos threatens all officers who disobey his orders with dishonorable banishment to Spain.

The Cuban leaders here scarcely believe any attack will be made upon Havana this winter, as they have no war vessels to properly protect it if they were to occupy that city. The Spanish navy could bombard it or any other seaport they might capture. Next summer, when Spain is weary of the struggle and the insurgents are stronger they may attempt such steps.

Forty Cubans, in charge of a man who called himself Martinez Salow, engaged rooms last Wednesday in McArdle's lodging-house, on Exchange place, Jersey City. Twenty-two left Thursday afternoon, and the rest went away Saturday.

From their conversation it is inferred that they are going to Cuba to join the insurgents. One told the night clerk that several of the party had been to Cuba, but were forced to leave.

It is reported that recruiting headquarters will be opened in Jersey City.

### FIVE TRAINMEN KILLED.

**Express Running Forty Miles an Hour Collided With a Freight Train.**

Chillicothe, O., Jan. 6.—Two freight trains Saturday night stood in a switch, at Schooley's Station, seven miles east of here, until the first train pulled out, and the conductor, thinking the second would follow, left the switch open. Fifteen minutes later the Eastbound express came along at forty miles an hour. It ran into the switch and collided with the freight train standing there. The following persons were killed:

ADDIS, GEORGE, fireman of the freight train.

COX, J. H., fireman who was on the freight train.

KING, JESSE, brakeman on freight train.

MATHERS, LEON, fireman of the express.

MICHAELS, THOMAS, engineer of the express.

None of the passengers on the express train was injured.

### NICARAUGA TO SETTLERS.

**Good Lands May Be Offered Free, With No Taxes for Twenty Years.**

Managua, Nicaragua, Jan. 6.—A new immigration law has been proposed, which will give foreign settlers land free, exempting them from all taxes for twenty years.

To all prospective colonists who can prove to Nicaraguan agents abroad their honest intention to become permanent settlers, money will be advanced, under the proposed law, to pay their way to this country, the same to be repaid when possible by the colonists. President Zelaya strongly favors the project.

**Nothing Warlike in This.**

Washington, Jan. 7.—Sir Julian Pauncefort, the British Ambassador, and Lord Gough, First Secretary of the Legation, had a conference with Postmaster-General Wilson yesterday at which the establishment of a parcels-post convention between the United States and Great Britain was urged.

The Ambassador was assured by Mr. Wilson that the matter would be considered as soon as possible.

**Excitement in Kentucky.**

Frankfort, Ky., Jan. 7.—It is said the Democratic members of the Senate have decided to expel a Republican Senator for every Democrat the Republicans unseat in the house. If this plan fails, a majority of the House and Senate Democrats will absent themselves from the joint assembly, thereby breaking a quorum, and making the election of a United Senator impossible.

## GOVERNOR O'FERRELL.

One of the most and distinguished specimen of manhood and statemanship can be found in Governor O'Ferrell of Virginia.

During our trip in Virginia we called to see Virginia's Governor.

We have every reason to believe that Virginia will yet be the garden spot of the South, and the rights of the negro protected by proper law.

The legislature of Virginia will recommend a law, making it death for an attempt or a crimnal assault upon a female. Death is the only thing that will deter evil doers.

Lynch law will be a thiug of the past in the State in a few months.

## JUDGES OF THEIR OWN ELECTION.

The republicans of this city certainly congratulate Col. Andrew Gleason on the manly stand he has taken in the contest for delegate from this city.

He has not shown any degree of selfishness, nor has he attempted to defeat other aspirants of proper representation.

Who ever heard of men being judges of their own election. Is this the principles of the National Republican Party? What class of people would tolerate such a high handed piece of imposition but District republicans.

We are told, if there is a contest, we shall be deprived of representation.

Let it be so? If by protesting and denouncing fraud and imposition must be the necessary elements to deprive the people of their ri. hts and liberties, let it be so.

Are we to have ignorance imposed upon us against our will? Shall we be compelled to accept of an arristocrat and tyranical landlord, because the National Republican Committee want it? Shall we stand this dose? It makes no difference who the judges may be, it is the intention of the republicaus in the several Districts to see that the rights of the several candidates are not denied them.

This pretense of fairness and the interference of the whiskey traffic will yet be the death of the re pub lican party.

Let every man be on guard and show that tyranny and ignorance shall not represent the District of Columbia at the next National Convention.

## A TEMPEST IN A TEA POT.

Some time ago there was organized in this city an organization, known as the Union League

The object of which was to induce the white merchants to hire colored salesmen and women, etc.

The BEE said then that it was an unwise movement inaugurated by men, who had their own interest to serve. What has been the result?

Two banquets given and the members were taxed one dollar a plate to pay for them.

Certain gentlemen selected to make "spread eagle" speeches which contained neither sense nor reason.

One member said if these white merchants wanted the negro trade they must hire negro clerks, salesmen and women of the Afro-American race.

No one but a fool would made use of such words.

The fact is the white merchants get the Afro-American trade and negro salesmen and women are not hired either, except by Parker & Co., who employes Mr. P. H. Dixon, who is respected by all classes of citizens.

The Union League had nothing to do with putting Mr. Dixon where he is to-day.

Mr. Dixon has more power to do than the entire Union League, His friends will follow him.

The Union League is too exclusive.

Men should be placed at its head who can draw the masses, and not men who have failed in everything they have undertaken, and in whom the people have lost confidence.

It is not the intention of The BEE to doubt the good intentions of these gentlemen, but it is a fact that good intentions of men without the necessary forces behind them cause many people to be paupers.

## THE COMING ELECTION.

The politicians are in a quandary as to what the three judges of elections will do, in the coming contest for delegates from this city to the National Republican Convention. It is said that Mr. Carson wants the delegates elected at the primaries to the city convention; that Mr. Gleason is opposed to those methods, while Mr. Parker is in doubt as to what he will do. What difference does it make how they are elected so long as the mode that is adopted is a fair one.

The delegates should be elected in the 22 legislative districts to a District convention, which no doubt would give greater satisfaction to a majority of the republicans.

## NEGRO MANHOOD

On the 28th of this month it will be decided if there is any manhood in the negro in this city and the republican party.

The question for the negro republicans to consider is, a blonted bond holder, a real estate candidate and an enemy to the negro republican to be elected to represent the republican party in the next National Republican Convention?

Will the negro republican sacrifice his manhood by voting for a man who refuses to rent them houses upon the public streets? Will the negro vote for a man who has regarded the negro incapable of holding an office any higher than a butler, waiter or caterer?

Will the republicans vote for a man who represent a real estate pool in this city and a man whose election means oppression, tyrany and discrimination?

Let us see where negro manhood stands.

## LET THEM COMBINE.

The suggestion of The BEE is that Bailey, Key, Holland, Purvis, Ortlipp, Saunders and Gleason come together and decide on a plan of campaign. If Gleason and Bailey combine as delegates and Saunders and Key combine, with Ortlipp and Purvis as alternates, or if Ortlipp, Purvis and Holland withdraw and support Gleason, Bailey, Key and Saunders there will be unity in the ranks.

The local contest is growing warm.

The BEE is daily gaining popular favor.

The sanitorium of Dr J. R. Francis is a monument to the colored race.

The cold snap was sudden and severe.

Send in your advertisements for the souvenir edition.

The BEE was right on the Atlanta Exposition.

If you always want the truth read The BEE.

The peoples meeting will on held hortly.

The boys will now do some hustling.

Do you intend to please the people?

The judges will probably give satisfaction.

It is natural for good men to do good deeds.

The souvenir edition of The BEE will be a grent paper.

The people will not be satisfied until the right of suffrage is restored.

Why should over 250,000 people be disfranchised?

In Union there is strength.

The election of District delegates to the National Convention will now begin.

The BEE tenders its congratulations to Editor John Mitchel, for his noble fight in behalf of abused humanity.

Messrs. Carson and Parker are too greedy to retire from the board of supervision.

Col. M. M. Parker might as well retire from the field as he will never be elected.

Col. M. M. Parker discharged all the negro republicans from office. Did he ever have an idea that he would ask them for their suffrages?

Col. M. M. Parker never appointed one colored republican the whole time he was Commissioner.

He did discharge a colored republican and appointed a white republican in his place.

Will negro republicans throw away their honor and manhood?

**Southern Women.**

Mr. Thomas Nelson Page, in his book, "The Old South," has much to say in praise of the wives and mothers of the old regime. The master of the plantation, he says, might shift much of his responsibility upon a competent overseer, but the mistress had no such means of relief. "She was mistress, manager, doctor, counsellor, seamstress, teacher, housekeeper, slave all at once." Such a woman was told by her husband that one of the gates was broken. "Well, my dear," she answered, "if I could sew it with my needle and thread I would mend it for you."

In another place Mr. Page says that some years ago he was shown a worn and faded letter, written on old Confederate paper with pale Confederate ink. It had been taken from the breast-pocket of a dead private soldier of a Georgia regiment after one of the battles around Richmond.

It was from his sweetheart. They must have been plain and illiterate people, for it was badly written and badly spelled. In it she told him that she loved him; that she had always loved him since they had gone to school together in the little schoolhouse in the woods; that she was sorry she had always treated him so badly, and that now, if he would get a furlough and come home, she would marry him.

Then, as if fearful that this temptation might prove too strong to be resisted, she scrawled a little postscript across the blue Confederate sheet:

"Don't come without a furlough, for if you don't come honorably I won't marry you."

Albany, Jan. 7.—Reports from various points in the State show that last night's cold wave was the most severe that has been experienced for many years. At Syracuse and Lyons the intense cold was preceded by a fierce snow storm.

The following shows the degrees of cold at the points named this morning:

Syracuse 32 below; Auburn, 23 below; Lake Pleasant, 30 below; Gloversville, 22 below; Malone, 30 below; Oswego, 25 below; Cooperstown, 25 below; Lyons, 22 below; Watertown, 33 below; Utica, 20 below; Canadaigua, 24 below; Hoosick Falls, 25 below.

### KILLED WITH HIS OWN REVOLVER

**After Shooting Another Man and a Woman—Both Victims Will Die.**

Indianapolis, Ind., Jan 7.—Shortly after noon yesterday Patrick Galvin, of No. 178 De Loss street, shot Samuel Paugh through the stomach, and Mrs. Mollie Murphy through the abdomen, and was in turn shot dead with his own revolver by the husband of the injured woman, W. B. Murphy, an employe of the Consumers Gas Company.

The houses of the Galvin and Murphy families adjoin on De Loss street and as a result of family trouble about two years ago they had not been on speaking terms.

Samuel Paugh boards with the Murphy family. Yesterday afternoon as he was leaving an out-building he heard the report of a revolver. He looked up and saw Galvin standing in the next yard and pointing a smoking revolver at him. Before he could make a move a second shot was fired and the bullet passed through his stomach.

He fell to the ground and as he did so Galvin jumped the fence, made a dash for the back door of Murphy's house, rushed in with the revolver in his hand and shot Mrs. Murphy through the abdomen, without a word.

He then turned on Murphy, but before he could shoot again, Murphy seized him about the body.

Galvin managed to deal Murphy several stunning blows on the head with the butt of the revolver, but Murphy, who is a powerful man, by a quick move jerked the gun from the murderer's hand, and while they were still locked in each other's arms he fired a shot into the back of Galvin's head, killing him instantly.

The other two victims will die. Murphy gave himself up.

It is thought that Galvin was temporarily insane.

**Has Campos Resigned?**

Madrid, Jan. 7.—El Heraldo announces that Martinez Campos, Captain-General of the forces in Cuba and Governor-General of the island, has resigned.

The military authorities severly criticise Gen. Campos's conduct of the campaign.

The Cuban news recently has caused much excitement in Spain. It is believed that further reinforcements will be sent to Cuba.

An official despatch from Havana says the westward march of the insurgents has been arrested by Gen. Navarro, who has defeated them.

Insurgents attempted to wreck a train on the Nuevitas and Puerto Principe Railroad, which had 300 passengers and a large number of soldiers. A dynamite bomb connected by an electric wire was exploded close to the engine, wrecking it. The insurgents tried to capture the train, but were prevented by the arrival of a detachment of Spanish troops. Several passengers were wounded and the engineer of the train was killed.

Barcelona, Jan. 7.—News most unfavorable to the Spanish Government has been received here from Cuba. It is understood that the insurgent forces are pressing around Havana.

### A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufacturers of Washington, N. J. For the next 60 days they offer to sell an organ for $42.50, which a short time ago would have been considered a desirable bargain at $75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufacturer's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the catalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They generally offer to send to it free to all who write and mention the BEE.

**Utah's Inaugural Day.**

Salt Lake, Utah, Jan. 7.—The inauguration of Utah as a State was celebrated here yesterday. Thousands of visitors came from various points in the State to assist in the festival. The inaugural exercises were held in the Mormon Tabernacle, and were preceded by the greatest civic and military parade ever witnessed in Utah. The procession was over two miles in length. At its head was the Sixteenth United States Infantry band, followed by Gen. Penrose and staff. In carriages down the line were the Governor-elect and other State officials.

The Tabernacle doors were thrown open at noon, and thirty minutes later 15,000 people were crowded within its circular walls, to witness the inaugural ceremonies.

**Texas to Go Out of Commission.**

Washington, Jan. 7.—The Texas will go out of commission temporarily at the Norfolk Navy-Yard where she arrived Saturday evening, and after a board of survey has submitted estimates covering the cost of the alterations to be made in the ship she will be turned over to the navy-yard officials, who will undertake the work. It is expected that it will take at least three months to make the change.

**Rioting in London.**

London, Jan. 7.—Disorders occurred in the West End of London last night, growing out of the fact that the German and Dutch sailors about the docks were hissed and molested.

The windows in the shops kept by German Hebrews were broken, and several German clubs were closed.

### THE BANCROFT GOING TO TURKEY.

**To Be Stationed at Constantinople to Look After American Interests**

Washington, Jan. 7.—One United States was vessel will be sent to Constantinople to protect American interests there.

This action was decided upon at a recent Cabinet meeting, but has been delayed by the difficulty of finding a vessel small enough to comply with the treaty stipulation that only "light despatch boats" shall be permitted to pass through the Dardenelles without the Sultan's express permission. There are but few vessels in the United States Navy of that description, and most of them are not now available for this service. It has become, therefore, a difficult matter to pick out a vessel small enough for the duty and modern enough to reflect credit on America.

This is the only foundation for the alarmists story recently printed about the forthcoming "great naval demonstration" to be made by this country against Turkey to compel payment of indemnity for damages to American citizens in the Turkish dominions. Instead of proposing to send a great fleet of war vessels to Turkey, the Admistration is simply preparing to send a small despatch boat, which cannot even aspire to the dignity of a gunboat.

The last time it was deemed necessary that the United States should be represented in the harbor at Coustantinople was in 1870, during the Franco-Prussian war. At that time the Despatch was sent to look after American interests, and on the conclusion of the war she was withdrawn.

"De man dat ain't got numin ter do," said Uncle Eben, "'cappin ter kill time gen'rally needs mo' help dan de boss ob a factory."

Do not work a sick animal. Rest is better than medicine, especially when the trouble results from lameness or sprain.

"I tell you what," said Uncle Pharaoh, the other day, "I don't take much stock in these campaign tissues, fer they air mighty flimsey affairs."

Nothing will ruin the country if the people themselves will undertake its safety; and nothing can save it if they leave that safety in any hands but their own.

Charming youthful gowns for debutantes are made of white wash tulles. A plain skirt of white satin is veiled with a full skirt of white tulle, finished at the foot with a ruche of tulle. Three inch pink satin ribbon is run in the hem of the outer skirt, which is banded at wide intervals with ribbon run puffs and ruches. The low corsage is a marvel of puffs and ruches, and a cluster of pink pelar-goniums is in front of the left shoulder tied with long loops and fluttering ends of a narrow ribbon.

A new style is in vogue for a basque which shows how relucantly the round waist is yielding to the return of points and basques and how effectively some of the features of both are combined by the ingenious French designer.

A basque by a French designer made of zibeline in a rich mulberry shade is very unique with a full blouse front of white satin and the trimmings black velvet and gold soutache. The back is fitted trimly with the usual seams, there is a short, slightly pointed basque, upon which the braiding which surrounds the waist like a girdle descends. The cuffs and collar points of velvet are faced with white satin. This style of basque is called the "Roseberry."

Dead leaf browns are becoming to sallow complexions, black silk or wool is trying, and pearl gray not to be thought of. Shades of pure dark blue, from a purple tint can be worn. Black silk, net or grenadine, or brocade black satin is more becoming than plain black silk. Dark velvets in rich colors, are almost always becoming.

Pearl gray or drab, so often chosen by mature beauties, is very trying and needs an almost faultless complexion. Soft, creamy, or black laces rarely fail to improve a complexion that has grown somewhat sallow.

A becoming and simple frock for a little girl can be composed of mulberry crepon and is just the thing for afternoon visits and for church for which use all the pretty wools are in much better taste than rustling silks and showy velvets. The skirt should flare well at the bottom and fit trimly around the waist. It should so fit to hang in graceful flutes without interling. The corsage has a square yoke and epaulettes of dark velvet.

No material is too fine for a dinner dress. The rich brocade, the soft velvet, the lustrous silk, the heavy cloth, the glossy satin, each is dedicated to this toilet. The fashionable color may be chosen, or one may wear a becoming shade that has been selected as always stylish and that is black.

For dinner parties, young girls wear clinging fabrics, such as crepon-chine silk, muslin, etc.

The effect of velvet against the skin is so softening and whitening that its use cannot be approved.

Jackets richly embroidered with gold are liked for wear over a black satin gowns, and one will tend to make it look very nice.

The mixed goods now come into play and afford a wide range for the dressmaker. Changeable serges, chevoits and sacking weaves wear well, and Scotch plaids are always pretty on children.

Mohair will be the chief dress fabric of the spring in all colors, but more especially black; blue, gray and golden brown.

The importance of friendship is seldom realized until it is withdrawn from us.

What is a home without a mother, or what is life without friends.

Sad is the fate that befalls an ungrateful person.

Watch the person who is so soon to forget kindness in the hour of need. Their days are numbered.

"Life is what you make it." Such are the words of a wise man.

Tena: No business addresses are given in this column. The names of the two best dry goods houses in this city are Johnson & Luttrell and Mrs. Haines' store on the Hill, which are called the cheapest "stores in the city."

Fashion: There is no change in the size of calling cards; a thin Bristol board card, either pearl or ivory white, is the regulation thing and the name is engraved in script.

The art of keeping to one's self what you might hear is an art that should be cultivated, for it means keeping of peace.

It is not wise for a woman to tell her husband of all the disagreeable little things that may have happened while she was visiting his mother.

Young Wife: Respect your husband's mother as you do your own, and the respect will beget love and confidence as well as happiness for you both, in the new life and home.

Most women forget the value of making friends with their husbands friends. If his home is not pleasant to receive friends, he will certainly seek them on the out side.

Don't talk about things that would be wise to forget, nor cultivate and encourage a vile curiosity. Be only eager to hear words of praise, rather than words of blame.

In the most of households the first quarrel is bound to come and if it dosen't, remember, a sullen silence is bad as a quarrel.

A true son comes nearer and dearer to his parents when he is a true lover and husband and man, a mother will not deny the fact that her son has grown nearer and dearer since his marriage.

Girls: Keep yourselves informed of the current news of the day. Know, at least, the names and authors of the new books, and be able to say some thing about those you have read.

Ignorance: I cannot advise you to marry a man who is a drunkard and addicted to other bad habits; although sometimes such men can be reformed by the entreaties of a good woman.

Anxiety: I do believe in innocent friendships. But I think it unwise for a married woman to have an intimate man friend, other than her husband, as it gives rise to silly talk.

Society: Invitations for "At Home" requires no acceptance. If you do not attend the reception send your calling card by mail or messenger, so timed as to arrive the afternoon of the reception.

It is not necessary to tell your friends that you are glad to see them; if you really are, they will soon find it out.

When we once lose confidence in a person it is hard ever to regain it, and if we do, the confidence will not be as strong as it was at first.

No one was ever known to be won by frowns and scorns, although such is oftimes seen among friends, who claim to be very dear to each other.

Men do not often admire a selfish, peevish, or a masculine woman, neither do they care for a woman who knows more than they do on a certain topic.

No true woman admires a sarcastic man, neither does she care for a man who are continually talking about "ladies" and seek the degradation of of every true woman he can find.

Blessed is the girl who can make every man know his place and demand respect from all.

THE NEWSIEST AND BEST JOURNAL PUBLISHED.

The Washington BEE is no doubt the newsiest and best journal published by an Afro-American in this country.

The BEE contains more news than any two weeklies published anywhere in the United States.

Here is what our exchanges say:

THE BEE HIVE DUMPED.

[From the American Star.]

Washington newspaper publishers are getting up in the world. Friend Cooper has removed the Colored American's old hat and put on a regular "Dunlap" headgear, while Brother Chase politely dumped the "old hive" and procured a brand new hive with artistic cells, and of course the Bee is humming. Both papers are beautiful. We like to see it, if we can't.

"BETTER LATE THAN NEVER."

[From the Texas Freeman.]

We are just a trifle late in saying so, but the Washington Bee has made mechanical changes that improve its appearance and reflect credit on the management.

[From the Appeal.]

The Washington Bee recently made considerable improvement in its appearance and enlarged its size to a quarto. Since his late little unpleasantness Chase seems to be "stronger than ever."

[From Newspaperdom.]

The Washington (D. C.) BEE has been enlarged and substantially improved. The general tone and character of the Bee sustain the place and name it has made for itself under the editorial management of William Calvin Chase.

[From the Fourth Estate.]

THE BEE BUSIER THAN EVER.

The Washington (D. C.) BEE has been enlarged and substantially improved. It is now an eight-page paper. The general tone and character of the Bee sustain the place and name it has made for itself under the editorial management of William Calvin Chase.

[From the Southern Forge.]

The Washington BEE comes to us this week in great shape. It has a new head and twice the size. Brother Chase is going ahead. And if you bother the Bee you'll get "stinged."

[From the Alexandria Leader.]

The Washington BEE has purchased an entire new outfit. The Bee will be issued as eight-page paper. May success attend the Bee.

[From the Evening Star.]

ENLARGED TO EIGHT PAGES.

The Washington BEE appeared Saturday, enlarged and substantially improved, as an eight-page paper. It also presented many illustrated features, including portraits of Major Moore, Commissioner Ross and other Districtofficials and prominent citizens. The general tone and character of the Bee sustain the place and name it has made for itself under the editorial management of William Calvin Chase. The leading editorial Saturday pledges support to Gov. McKinley's candidacy for President.

[From the Western Optic.]

The Washington, D. C., BEE is out in a new dress of type and with its improved make-up now ranks with the foremost Negro newspapers in America. May the Bee improve each shining hour.

[From the Athens Clipper.]

The last issue of the Washington BEE presents a very pleasant appearance to the public. It has eight pages abounding in rich reading matter. Editor Chase has lost none of his old time vigor in wielding the pen. The Clipper congratulates the Bee and hopes it and its editor may live many years to sting the enemies of the race.

[From the Baltimore Standard.]

The Washington BEE comes to us this week in an eight-page form, and much improved every way. Editor Chase is to be congratulated.

[From the Chicago A. M. E. Record.]

The Washington BEE came out last week, considerably improved. It is now a six-column quarto, and has the appearance of property stamped upon all of its departments.

THE STING OF THE BEE.

From the Wide Wake.

Here's to you editor Chase on the successful appearance of The BEE. May it continue to sting the wayward

HEWING TO THE LINE.

[From the Chicago Republican.]

Brother Chase, of the BEE, is still hewing to the line in Washington. He certainly has the courage of his convictions. A recorder of deeds in Washington cuts no figure with Chase.

CONGRATULATES THE BEE.

Dear Sir: Inclosed find check for the amount I owe you. I congratulate you upon the improvement of the new issue of your paper. I am glad to see you are aiming aright for the future as you have always done in the past.

With best wishes for your success, I am, yours, respectfully,

Mrs. M. A. HAGAN.

## A RUNAWAY TRAIN.

**An Old Railroad Engineer Tells of a Startling Experience in New England.**

"I lived then in a small Massachusetts city, and managed a road where every employe, from the section men up, was personally known to me, and railroading was more of a pleasure than it is here where the roads are so vast and long that one hardly knows the members of his own office staff. My office windows, I remember, looked out directly upon the principal business street of the place and the entrance to the Union depot, the street crossing the tracks at right angles not twenty feet from the great arched station entrance. Every hour or two New York and Boston express trains were arriving and departing, and it was always an interesting sight the day before Thanksgiving, when every train was running in two or three sections, and each one drawn by two locomotives, loaded down with passengers anxious to get to the old farm in time for the Thanksgiving dinner.

"One snowy, blustering day I sat waiting to see the 11:25 train pull in from Boston, for somehow I kind of smelt danger, as a railroad man often does. I knew the train was a heavy one, the rails slippery and that before it struck the crossing it came down a heavy grade four miles long. Out at the other end of the depot was a great long bridge carrying the train off to the west, and also the tracks branching south to New York. On both these tracks stood huge locomotives blowing off steam and seemingly in haste to couple off to the coming train, which was destined for both the South and the West, and hurry it off to its destination. Well, to make a long story short, that train got the best of the engineer that day, owing to some defect in the air brakes, and there was one of the most hair-raising train runaways I guess I will ever witness. A mile up the grade I heard old Seth Mayoor, the engineer, making old 104 whistle for brakes in a way that made me turn cold. Almost at the same time the train came tearing down over the street crossing and into the depot going sixty miles an hour, and I remember to this day and always will how cool men about that place that day, and blowing his whistle for dear life as a warning to give him a clear track.

"That they would even get those engines at the other end of the station out of the way I thought was an impossibility, but they did. There were cool Mayoor looked as he dashed by, No. 104's great Crawford whistle had given the warning. The switches were hastily set straight on to the bridge and away dashed the waiting engine in a race to get out of the way of the runaway train. It was a close shave, and it unnerved me for a week, but luck saved the day. That runaway ran four miles before it stopped, and the engineer with the light engine tearing along ahead of it was beginning to wonder if the tracks were clear way out to Buffalo, when the brakes worked and the runaway was brought to a stop. For years I have been wondering how that train ever dashed down that grade and through the crowded depot, following the switches in and out, without a most frightful smash-up.

"Old Seth Mayoor, when he stepped down from the cab after backing back, regarded it as a huge joke, but it scared everybody else within a mile of the station out of a week's growth.—Chicago Chronicle.

## DELEGATE CONTEST.

There seems to be some doubt among the politicians as to who will be the strongest and best man to represent the republican party from this city in the next national convention.

The BEE has printed a list of the gentlemen who have been mentioned as candidates, and as an inducement to make this contest interesting, the BEE will present a fine gold headed cane to the candidate who receives the highest number of coupons. The coupons will be received and counted by the contest editor, and all coupons will be kept and counted in the presence of a committee to consist of one friend from each candidate.

Each coupon will count one vote, which must be sent to the contest-editor of the BEE.

## THE PEOPLE'S CHOICE.

WHO WILL THE NEXT DELEGATES BE? VOTE FOR YOUR CHOICE.

The coming Republican contest for delegates to the next National Republican Convention will be a hot one. Public meetings have been held throughout the city, and it is still undecided who the most popular man is.

As a test of each man's strength the BEE will publish the list of the probable candidates, with a coupon attached, which will enable friends of each candidate to vote for his choice.

Gentlemen:—My wife has been suffering with chronic rheumatism and neuralgia for two or three years. I had tried everything that any one would recommend, but all failed. At last the Mexican Mustang Liniment was recommended to me by a well-known member of the First Baptist Church of this city, Sye Parham, a coachman, who said that he had pains in the back and used Mustang Liniment and it cured him. I tried it and it has cured my wife.
